

## MY SAFETY GLASSES DON'T FIT RIGHT...AGAIN!

Accidents can happen at any time. And when women employees are outfitted with safety eyewear too large for their smaller profiles, compliance is harder to come by. Quite simply, women are less likely to put on—and keep on—glasses that don't fit comfortably.

Enter Gateway Safety's GirlzGear®, safety products tailored to fit women better than traditional options. Our lineup of different style, color and size variations give women workers an assortment of options from which to choose. So your whole team's eyes stay safe.
