

Comfort At Its Peak.

Monumental Comfort. N95 level protection. PeakFit® is the most comfortable, value-priced disposable respirator available today.

- Begin with a molded mask for a more comfortable fit and easier breathing.
- Add a contoured nose bridge and a soft, flexible flange - without the irritating metal nose-pinch bar.
- Use a latex-free, adjustable length head strap - without the irritating staples to scratch wearers.

Gain increased compliance and ultimate comfort - all at a great value. That's a PeakFit.
