Golden Eagle™ PROTECTIVE EARMUFFS

Military-Grade Protection

Golden Eagle™ earmuffs provide reliable, military-grade hearing protection. With a four-point, stainless steel headband, **Golden Eagle** promises even pressure distribution with low headband force to eliminate headaches. Plus, Soft-Seal™ ear cushions and a foam head pad help ensure all day comfort.

The over-the-head **Golden Eagle** model has been tested to a 29 Noise Reduction Rating (NRR), one of the highest independently tested NRRs available in earmuffs. Its cap-mount version, with a tension adjustment feature and mounting bracket that fits most hard hats, provides a 26 NRR. A foldable style provides a third solution in the **Golden Eagle** design with low headband force and a compact design, featuring a 27 NRR.

Made in USA
