

# CoverSeries

## Over-The-Glasses Protection That's Got You Covered.

Designed to wear over prescription glasses, CoverSeries features two unique designs – the new **Cover2®** and the original **CoverAlls™**. Both products provide extreme impact protection at an affordable price.

A revolutionary over-the-glasses (OTG) design, **Cover2** offers workers a compact, modern style that's significantly more attractive than traditional OTG products. The smaller size makes it extremely lightweight. Plus, when combined with soft, adjustable temples, **Cover2** is an unusually comfortable OTG solution.

**CoverAlls** provides an extremely wide field of vision that's ideal for workers with large facial profiles or to accommodate larger prescription glasses. **CoverAlls** also features adjustable length and ratcheting temples.

Regardless of your prescription needs, CoverSeries has a solution that's got you, well ... covered.

## COVERSERIES Over-the-Glasses Eye Protection

Lightweight design, soft nosepiece and flexible temples combine to create an unusually comfortable fit.

**Cover2**<sup>®</sup>  
over-the-glasses  
protective eyewear

- Contemporary style that's significantly more attractive than traditionally designed OTG products.
- A one-piece polycarbonate lens offers a broad, unobstructed view of the workplace.
- Flexible temple tips work extremely well with prescription glasses, while minimizing pinching behind the head.
- The lightweight design, with adjustable-length temples, offers ultimate comfort with a custom fit.
- A cost-effective solution that won't break the bank.

| Part # | Temple Color | Lens Color |
|--------|--------------|------------|
| 6980   | Black        | Clear      |
| 6983   | Black        | Gray       |

Classic OTG style and generous sizing accommodate virtually any size spectacle.

**CoverAlls**<sup>™</sup>

- Generous size easily fits over most prescription eyewear.
- Large, one-piece polycarbonate lens provides workers with a wide field of vision.
- Traditionally designed OTG that features an integrated brow guard and side shields for additional protection.
- Adjustable-length and ratcheting temples provide an extremely customizable fit.
- An economical alternative to prescription safety eyewear.

| Part # | Temple Color | Lens Color |
|--------|--------------|------------|
| 6880   | Black        | Clear      |
| 6883   | Black        | Gray       |
