MADE IN USA

SAFETY PRODUCTS

HEAD PROTECTION

Gladiator™ II Safety Helmet
Traditional, cap-style safety helmet in an unvented, Class E version. Comfortable, six-point ratchet suspension and cool-guard, self-wicking brow pad.

FORESTRY SYSTEMS

Woodsman®
An integrated product package for forestry applications or environments that require head, hearing and face protection combined. (Steel mesh visor versions)

VISORS

Mesh Screen & Flat Stock Visors
The traditional steel mesh visor provides protection against flying particles while allowing for ventilation. The PETG flat stock visor is an economical solution for non impact and splash applications.

EYE PROTECTION

Cup-Style Goggles
Classic, 50mm rigid-cup goggles in clear and Shade 5.0 welding lens options. Meet ANSI Z87.1+.

SIDE SHIELDS

Side-Shields
Three styles in clip-on or slip-on versions. Helps add side protection to traditional prescription and non-prescription eyewear.

EYEWASH STATION

Kleen Eyes® II
Emergency eyewash station with adjustable fountain tips, 2-inches apart.

LENS CLEANING

Kleen View Lens Cleaning Station & Wipes
Anti-fog, anti-static lens cleaning formula that helps extend the life of eyewear. In spray solution or individually sealed towelettes.
