

PEAKFIT®

Finally, You and Your Mask Are a Perfect Match.

Revolutionary in design. NIOSH approved. **PeakFit®** is an N95 air-purifying respirator specifically engineered for user comfort as well as safety. The superior fit of the **PeakFit** results in dramatically enhanced user comfort – improving compliance and reducing your safety expenses.

PeakFit's large, contoured design helps make breathing easier. The molded nose bridge fits most faces, with no metal nosepiece to pinch. Plus, the latex-free, cloth head strap is cooler and more comfortable than rubber alternatives.

Available in several variations. Contact your safety professional for the **PeakFit** mask that's right for you.

Gateway® SAFETY

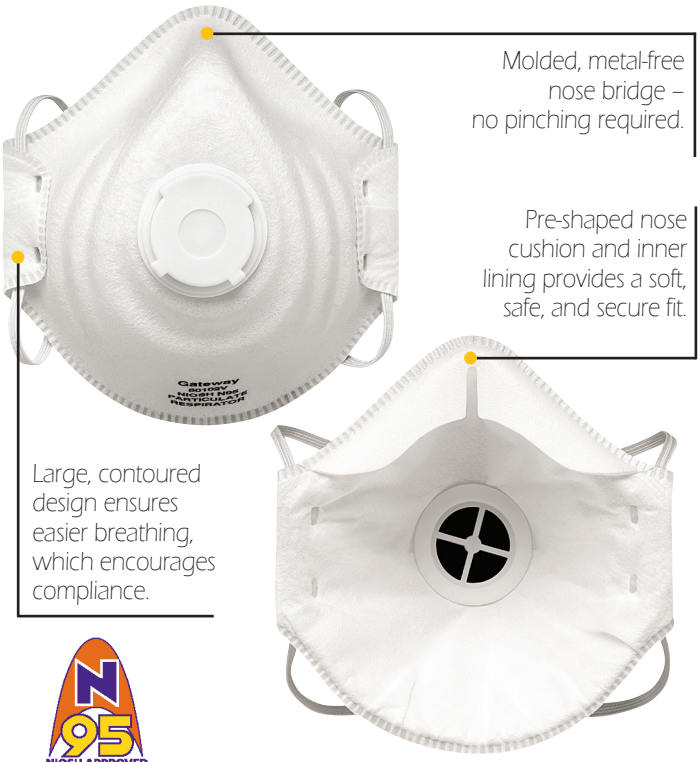

PEAKFIT®

Integrated, latex-free head strap is more durable than conventional stapled versions. Adjustable for a custom fit.

Also available in a two-pack for vending or retail options!

N95 NIOSH APPROVED

PEAKFIT® FEATURES

- Large, contoured design facilitates breathing – reducing worker fatigue and promoting compliance.
- Molded nose bridge, with no metal nosepiece – no pinching required to achieve a "peak fit".
- Internal nose cushion, made with a soft, closed-cell foam, ensures a safe, snug fit.
- Extra soft, polypropylene inner lining provides superior comfort – increasing worker compliance.
- Integrated, one-piece head strap is more durable than conventional, stapled versions.
- Latex-free, cloth head strap is cooler and more comfortable than traditional, rubber versions.
- Adjustable head strap allows for a custom fit.
- Available with an exhalation vent that reduces hot air buildup – making breathing even easier.
