

TruAir®

Disposable Respirators

Breathe easy, it's here ...The right mask at the right price!

Economically priced. Tried and true, traditional style. TruAir® answers the call for cost-effective disposable respiratory protection. And this popular brand is also one of the most complete – now available in NIOSH-approved N95, N99, N100, R95 and P100 options.

Gateway Safety's TruAir respiratory line may include different filtration levels, but all TruAir products are designed to offer all-day comfort and improved fit. Large molded shells allow for easier breathing, and latex-free straps provide a comfortable fit and feel for workers.

Get NIOSH-approved protection in a widely accepted style that won't break the bank. Those in need of disposable respiratory protection can turn to the TruAir family.

Gateway® SAFETY

TRUAIR® N95

- NIOSH-approved; 95% filtration against aerosols free of oils.
- Widely accepted design that encourages compliance, with a large, molded shell that helps to reduce breathing resistance.
- Non-latex, elastic head straps, plus an adjustable nosepiece, provide a secure fit.
- Available with an exhalation vent that reduces hot air buildup for easier breathing.

TRUAIR® R95

- NIOSH-approved; 95% filtration against aerosols and somewhat resistant to oil.
- Widely accepted design that encourages compliance, with a large, molded shell that helps to reduce breathing resistance.
- Non-latex, elastic head straps, plus an adjustable nosepiece, provide a secure fit.
- Exhalation vent reduces hot air buildup for easier breathing.

TRUAIR® N99

- NIOSH-approved; 99% filtration against aerosols free of oils.
- Widely accepted design that encourages compliance, with a large, molded shell that helps to reduce breathing resistance.
- Non-latex, elastic head straps, plus an adjustable nosepiece, provide a secure fit.
- Exhalation vent reduces hot air buildup for easier breathing.

TRUAIR® P100

- NIOSH-approved; 99.97% filtration against aerosols and strongly resistant to oil.
- Value priced; one of the most cost-effective products available in the P100 protection class.
- Dual, adjustable cloth head straps for custom, comfortable fit.
- Exhalation vent reduces hot air buildup for easier breathing.

TRUAIR® N100

- NIOSH-approved; 99.97% filtration against aerosols free of oils.
- Dual, adjustable cloth head straps for custom, comfortable fit.
- Exhalation vent reduces hot air buildup for easier breathing.

N95 TWO-PACK OPTION

TruAir N95 products are also available in a convenient two-pack baggie for retail or vending options!
